

**The Pequannock Township Public Library presents:**

**Bees Informed: A Program on Bees  
and Pollinators  
With: Joe Treimel, Local Beekeeper**

**Thursday, Dec. 7<sup>th</sup>, 7 PM  
Please call (973) 835-7460  
to reserve a seat**

Join us to learn about bees. A local beekeeper, Joe Treimel, will educate us about bees.

This little animal is one of nature's most important role players. Pollination is important for all living things, and bees have made an art of it. Without them, the species we know as *Homo sapiens* is in big trouble. Join us as we discuss all things that are bee and not to be.
