User Instruction*1

01 Charging the Apple Pencil

- Check the battery status via the battery capacity indicator light (1 Star blink:<3%, 1 Star:3%-15%, 2 Stars:16%-60%, 3 Stars:60%-Full)
- Open the nib groove case and put the pen on the charging slot(Logo face down)
- The charging case indicator light will turn on during charging the pencil and turn off when fully charged(3 Stars light on)

02 Charging the Case

- Charge the case via USB-C cable(package not included)
- Check the battery capacity indicator light to view the battery power

03 Battery Safety

- The charging case is equipped with a built-in battery that can't be removed or replaced. Do not disassemble or modify the battery by yourself.
- Disposal of a battery into a fire or a hot oven or mechanically crushing or cutting off the battery can result in an explosion.
- Do not expose to extremely high temperatures or low air pressure surrounding the environment which can result in an explosion or flammable liquid or gas
- Recharge the battery every 6 months to 100% to prevent battery damage by over-discharging due to long-term storage.

04 Warranty and Return Policy

The limited warranty covers Reeyear products against manufacturing defects beginning on the original purchase date. The warranty period is 12 months or another specified period as the applicable consumer laws in the consumer's country of purchase required.
