3. If the mic on headset recognized but no sound comes out, and your PC is running in Windows 10, please go to Settings-Privacy-Microphone and click the "Allow apps to access the microphone" to ON, then restart your PC.

PRECAUTIONS

On Headset Use

- To avoid high volume harming your ears, please turn down the audio volume before you start to listen by the headset. And then adjust the appropriate volume levels you need.
- Please wear the headset correctly according to the “L” and “R” on the headset. Wear the “L” side on the left ear, and wear the “R” side on the right ear.
- Please enjoy music at a moderate volume to prevent adverse effects on the hearing.
- Do not listen for a long time at high volume to avoid hearing damage.
- There is a tendency to raise the volume when using in noisy places. However, for reasons of safety, it is advised to keep the volume at a level whereby you can still hear sounds around you.
- When the volume is too high, the sound may leak outside the headset. Be careful not to raise the volume so high that it bothers people around you.

On Safety

- Do not drop, hit or otherwise expose headset to strong shock of any kind, which may damage the product.
- Do not attempt to disassemble the headset without authorization, which may affect the product use.
- Do not submerge in liquid or water.
- Do not use any corrosive cleaner or oil to clean the product. You can clean it by dry cloth.

On placement

You can place the headset flat on a desk or place on a headset stand. Do not place the headset in the following locations.

- Location exposed to direct sunlight, near a heater or other extremely high temperature location
- Dusty location
- On an unsteady or inclined surface
- Location exposed to large amounts of vibration
- Bathroom or other high-humidity locations

Warranty Conditions

A new product purchased in the Alza.cz sales network is guaranteed for 2 years. If you need repair or other services during the warranty period, contact the product seller directly, you must provide the original proof of purchase with the date of purchase. The following are considered to be a conflict with the warranty conditions, for which the claimed claim may not be recognized:

- Using the product for any purpose other than that for which the product is intended or failing to follow the instructions for maintenance, operation, and service of the product.
- Damage to the product by a natural disaster, the intervention of an unauthorized person or mechanically through the fault of the buyer (e.g., during transport, cleaning by inappropriate means, etc.).
- Natural wear and aging of consumables or components during use (such as batteries, etc.).
- Exposure to adverse external influences, such as sunlight and other radiation or electromagnetic fields, fluid intrusion, object intrusion, mains overvoltage, electrostatic discharge voltage (including lightning), faulty supply or input voltage and inappropriate polarity of this voltage, chemical processes such as used power supplies, etc.

- If anyone has made modifications, modifications, alterations to the design or adaptation to change or extend the functions of the product compared to the purchased design or use of non-original components.
